

Dear Ali, James and the Cast and Crew of Days of our Lives;

One never forgets the sweetness and decadence of chocolate and we can not, will not, forget the sweetness and decadence of EJ & Sami (EJami)! They bring the screen to life and they melted together in a perfect combination of light and dark. The kisses shared between these two made our hearts sing as only chocolate and love can do. Through their kisses, we saw with our eyes, and felt with our hearts, the passion between the two most dynamic characters the writers and actors have ever created. Days can do no wrong, indulging in the fat free, consequence free temptation of EJami. EJami ~ calorie free indulgence for the heart!

Please accept these Hershey kisses as a token of our appreciation for everything you have done to make Days of our Lives our favorite soap opera. As EJ and Sami fans, we love the story of EJami and we can't gush enough about our love for Ali's and James' portrayal of these two fantastic characters but it is because of the collective talents of every single actor and crew member at Days that we became Days fans long before the EJami storyline was even an idea in a writer's head so thank you all and keep up the great work!

## Happy Valentine's Day!!
