

Fans of EJ Wells/James Scott and Sami Brady/Alison Sweeney have hoped for a “star-crossed love” storyline for EJ and Sami (EJami) since even before we discovered that EJ Wells was actually a DiMera and many of us have often said that we think that EJami are *Written In The Stars*.

Thanks to the International Star Registry, EJami really are *Written In The Star* for all eternity. EJami fans from Forbidden Love, an EJami Fan-Site, have purchased a star, set in the Phoenix constellation for our favorite on screen duo and we have named the star: *EJami (EJ Wells and Samantha Brady)* with a dedication date of May 30, 2006, the day they first met. This star is a special token to show our love and appreciation for what we hope will be the greatest “supercouple” ever created by Days of our Lives.

Mythology tells us that the Phoenix was a bird with a beautiful voice and feathers of gold and red. When a Phoenix reached the end of its life, it would build a nest of herbs and twigs, light it and throw itself into the flames at which point, a new Phoenix would be born from the ashes. The Phoenix is associated with life, rebirth, and immortality and on Days of our Lives, this magnificent bird has always been associated with the DiMera family so it seemed fitting to have our EJami star as part of this constellation. EJami fans have watched our hero and couple go through some painful to watch changes the past few months but like the Phoenix rising from the ashes, we hope to see a rebirth of the charming romantic character and the passionate couple we fell in love with last summer and continue to root for even when all seems lost.

Following the success of our past campaigns, Forbidden Love decided to include a charity component to this campaign as well. This time the Make-A-Wish Foundation provided us with a perfect gift that we could purchase to support their wonderful cause, as well as our star campaign; pens adorned with stars with a top shaped like a star.

Since 1980, Make-A-Wish has given hope, strength and joy to children with life-threatening medical conditions. In the U.S. alone, they have evolved into an organization that grants a child’s wish every 41 minutes. We have enclosed one of the pens for you to enjoy, and sent the rest to Ali and James to share with their fellow cast members.

In further celebration of this campaign and to personally share what we love about EJami, members of the Forbidden Love submitted EJami montages set to songs themed of stars, dreams, and wishes. When you watch this amazing collection of wonderful videos and see the magical chemistry between these two powerful characters, we think you will agree that EJ and Sami are the bright stars of Salem and that they shine brightest when they are together!

Last but not least, a sweet treat for you to enjoy: star shaped lollipops. We hope you will enjoy these two-toned treats that we feel reflect the sweetness and layers of EJami!

As you can see, it is our belief that EJ and Sami are soulmates and we are wishing upon our EJami star that this romance will be given a real chance to wow the viewers and bring up the ratings! We believe....you can too.

All the best,

Forbidden Love Staff and Members
